### STORY OF TERRIFIC HAIL STORM.

A TERRIFIC hailstorm struck San Antonio shortly after 6 P. M. Tuesday, and driven by a 54-mile an hour wind left damage estimated at more than \$1,000,000 in its wake. Ushered in by frightful, black whirling clouds that resembled a tornado or cyclonic disturbance, a roaring sound was heard for several minutes before the full fury of the storm swooped down upon the city. Then came the barrage of enormous sized hail.

A deafening din resulted as the large chunks of ice battered house tops, demolishing roofs, slashed office buildings' awnings and window shades to shreds. Window panes crashed and splinters of glass littered the streets. In residential sections window screens and windows were quickly torn to pieces, and the drenching downpour rought havoc with household furnishings.

Automobile tops exposed to the terrific hail were completely demolished. Fenders and bodies were dented by the force of the icy down pour. Several persons were injured during the brief storm. In some sections of the city hail was 5 inches deep on level ground. In drifts it was several feet deep, and remained unmelting for nearly 24 hours after falling.

NATIONAL First Aid Week is being observed throughout the country from March 11th to 16th. Fitting observance will be conducted in schools, chambers of commerce, boys' and girls' organizations, and the nation's 600,000 drug stores, according to John W. Danravi, secretary of the National association of retail druggists.

The knowledge of First Aid to the injured is a very important asset to everyone. The person trained to intelligently render first aid in case of accidents or injuries are many times instrumental in saving a life. Your local Red Cross chapter has a competent instructor who will be glad to outline a course of study that will qualify you to handle first aid treatment to the injured. Be prepared.

PRESIDENT Roosevelt reached the half way mark of his first term in the White House on March 4th. The president is reported to be in excellent health despite his strenuous duties as chief executive, for which a worshipful nation gives thanks and praise.

THE official first day of Spring begins on Thursday, March 21, at 8:18 a. m. which reminds that we have already observed one intrepid sport sporting a pair of two-tone sport shoes. The corner druggist informs that he has long since ordered his supply of spring-tonics. The average man's belief he needs a tonic in the spring dates back to boyhood days. Grandma always started on the sulphur and molasses campaign about the time a change from red flannels was in order.

From the Almanac: The old philosopher says that if low neck dresses ward off pneumonia he saw a lot of gals last night that won't have lumbago very soon. What about modern bathing suits O. P.?

And the gals all seem to be wearing green dresses these days. . . . maybe its a new style fad or else they are getting ready to celebrate St. Patrick's day on Sunday.

IN Amarillo, Texas, last week, the second annual celebration was held in honor of mothers-in-law. The mothers-in-law were lauded for their many good qualities by Governor James W. Alfred, treated to free ice cream, and paraded about the streets. It's a safe bet to believe many of the sons-in-law kept their fingers crossed during the day's celebration. . . . the two-faced rascals.

According to press reports, Janet Allen Walker, divorced wife of Jimmy Rodgers, former mayor of New York, is at present employed as hostess in a Miami, Florida night club.

A BOOK is soon to be published in San Antonio on the life of Jimmy Rodgers, "singing brakeman" by his wife. The title of the book will be "My Husband, Jimmy Rodgers." Rodgers was a native of Meridian, Mississippi, and won fame with his guitar and yodeling railroad and cowboy ballads. In the story Mrs. Rodgers relates the struggles and disappointments that befell her husband on his road to fame. Afflicted with a lingering lung disease, Jimmy's heroic efforts to carry on like a regular trouper probably hastened his death. He died at Kerrville, Texas, near San Antonio. Rodgers never failed to offer his services for any charitable program. Probably the best remembered of Jimmy Rodgers' many records is the "T. B. Blues." Realizing that he was doomed to die from his illness, Jimmy had the courage to sing optimistically of his malady and thereby brought hope and cheer to fellow sufferers. Rodgers' records are still in popular demand.

## HANCOCK CO. COUNCIL OF P. T. A. HOLDS ANNUAL MEETING AND ELECTION

Of Officers Tuesday—Rev. Girault Jones Is Principal Speaker—Waveland Wins Banner for Highest Per Centage Attendance

The annual county convention of the Hancock County Council of P. T. A. met at the Bay Central School Tuesday night, March 12, at 7:30 o'clock.

The invocation was pronounced by Rev. J. E. Gray, of the Methodist Church. Mrs. Milton Phillips, county chairman, who presided, gave the welcoming address. Mrs. Leo Z. Seal, of Kilm, responded.

Each president of the various associations of the county gave a report of their work for the year. The officers of the county associations also gave their reports.

The Waveland P. T. A. was awarded the banner for having the highest percentage of members attending.

The following officers for next year were elected as follows: President, Mrs. A. P. Smith.

First vice president, Mrs. Leo W. Seal, Bay St. Louis.

Second vice president, Mrs. Holdbreth.

Third vice president, Mr. George Hillis.

Fourth vice president, Mrs. A. S. McQueen.

Fifth vice president, Mrs. Jimmy Jones.

Sixth vice president, Mrs. George Curet.

Seventh vice president, Mrs. J. Roland Weston.

Treasurer, Mrs. Harold B. Weston.

Mrs. L. U. Moss, one of the most talented vocalists in Bay St. Louis, sang two charming songs.

A men's quartet composed of A. S. McQueen, C. J. Gordon, Fred Wright, and C. E. Craft, sang several catchy selections.

The speaker for the evening was Rev. Girault Jones of Pass Christian.

He was introduced by Mr. Walter Gex, Jr. His subject "The Field of Education" was most interestingly presented.

Mr. Jones pointed out the need for responsibility of such organizations as the P. T. A. and that the first thing a P. T. A. must concern itself with is a setting of a standard of improvement of itself so youth can set itself an example.

It must lead, not point the way to our young people. Mr. Jones feels that the P. T. A. should foster parent education and that the parent must expand with the child before education is worth while. He said that if education is to have any value it must be made practical. He urged parents not to repudiate ideals by lowering the standards in our homes.

Following Mr. Jones' talk, a social hour was held in the home economics room.

### HOLMES' DEATH

The death of Oliver Wendell Holmes, nearly 94 years of age, brought sadness to the capital, where the jurist enjoyed the respect of almost all who knew him. He was twice wounded in the Civil War but lived to serve his country on the Supreme Court for more than a score of years. He was classed as a Liberal.

MUNICIPAL Judge Edw. Brand of Los Angeles has devised a drastic punishment for traffic violators. His Honor has the guilty motorist view the body of an automobile victim in the county morgue. This seems like a pretty "stiff" procedure, but if it will help keep down the growing toll of fatal auto mishaps—we're for your idea, Judge.

Watch for this book on 'sale at your book store. The true story of Jimmy Rodgers' courage in the face of overwhelming obstacles will be an inspiration to those who think they're whipped. The lips of Jimmy Rodgers are silenced, his golden guitar is laid aside—but his indomitable courage lives forever—in printed memories set forth by his faithful wife. The good work of Jimmy Rodgers carries on!

A STRANGE case was reported at the county hospital of a boy who lost his speech after a fall from a tree. No other injuries or ill effects from the fall were observed by physicians.

Won't someone suggest that Kingfish Huey P. Long take up tree climbing? If the Kingfish were to fall and lose his speech, just think of the static that would be eliminated from the radio.

## WHITE IS VISITOR BAY CITY

Candidate for Governor of Mississippi Spends Few Hours Wednesday Here

Hon. Hugh White, resident of Columbia, and recently announced a candidate for governor, was a visitor to Bay St. Louis Wednesday in the interest of his candidacy, meeting his many friends and acquaintances and expressed himself as happy meeting the many who had been so kind to him in the last election when he ran the present incumbent a close second.

Mr. White is a man of the people, a friend of labor. His platform is one not of politics, but, as he expresses it, to put Mississippi people to work. His plan is to industrialize Mississippi. To bring from the North and East manufacturers who find climate and available labor to be had amply and advantageously.

Already, he says, there are twelve major industries that have come to Mississippi within the past year or two. One that had operated 52 years at Milwaukee is building its plant to move southward. Meridian, West Point and McComb are getting new industries, while Columbia and other places are operating new enterprises. The South is ideal for factories, said Mr. White, and there will be no trouble to get an influx of such enterprise. With better legislation and more inducements it will be no trouble to induce factories that will accept and move South.

But, he says, we must not forget Mississippi is an agricultural State and we must not overlook that fact. We will tie both the industrial phase and agricultural side together and our people there will not only become consumers, as at present and particularly in the past, but producers as well.

Mr. White made a success of his own business, the vast lumber mill industry at Columbia and in south Mississippi. It is well remembered how generous his management was always to the laboring classes. No man is known to have been more considerate.

If elected, Mr. White will give Mississippi a thorough business-like administration. He is not a politician, but a business man—and successful one at that—in the strictest sense of the word. He is thoroughly human and ever mindful of the welfare of the people. If elected, he will give Mississippi such administration that will prove constructive and of material and lasting benefit.

Mississippi already has had too much politics. We must now look to the upbuilding of the State and it is about high time that is being done.

### WISCONSIN TOWN PAYS CASH

Because it has too much cash on hand, the town of Steven's Point, Wisconsin, 12000 inhabitants, is paying cash in advance its bills falling due as far ahead as next December. With tax collections running \$50,000 ahead of last year, the city treasury today showed a balance of \$182,000 cash on hand and all current expenses paid.

The city has paid off \$20,000 in county taxes not due and notified holders of general obligation bonds due up to and including December, 1935, that they will be paid in full with interest to date of maturity upon presentation.

Prompt payment of taxes and of a plan for payment of taxes in advance of the due date, with interest paid thereon, have kept the city's finances shipshape.

### W. A. McDonald And Son Completing Large Warehouse Structure

Perhaps the largest warehouse in this section of the State is in course of completion for W. A. McDonald & Son, wholesale dealers in building material and groceries, tobaccos, etc.

The building is a two-story extension of the former warehouse and was built to better house and take care of the stock of the McDonald house. The new floor space is more than double of the former and original warehouse, built of corrugated iron sides and roof, well constructed and a building of its kind commanding attraction. The firm does a shipping business over several States in addition to a large local trade and always carries a complete and varied stock to fill any and all orders. Mr. McDonald and son are thorough business men and by diligent application and approved methods have been built a successful business to which they are entitled.

### Gulfport Debating Team Wins in Contest Held in City, Friday.

Miss Tommye Walker and Oscar Backstrom, Jr., affirmative team representing the Gulfport High School in the regional debate, won the decision Friday morning in this city at the Bay High School, with a vote of 2 to 1 of the judges.

The Gulfport negative team composed of Miss Frances Jordan and Wendell Lewis, won their debate by default, when Saucier Hi School failed to send the scheduled debaters to Gulfport.

Miss Ruth Scott, English teacher, was the coach for the regional debaters. The judges were L. Z. Seal, superintendent of schools at Kilm, and also representative for the State; Frank L. French, superintendent Pass Christian school, and Rev. Girault Jones, rector Trinity church at Pass Christian and rector Christ Church, Bay St. Louis.

### Dedication of Saint Anne's Chapel, Friday, Bayou Cade Community

St. Anne's Chapel, Bayou Cade Community, recently renovated and finished, was dedicated last Friday morning with a high mass and other appropriate ceremony, Rt. Rev. Bishop Gerow, of Natchez, officiating. Quite a number of the faithful of that section had congregated and attended the ceremonies. Rev. Father M. J. Costello, pastor of the Church of St. Claire's at Waveland, is also pastor of St. Anne's.

Following the ceremony at a later hour the distinguished party of churchmen, a number of visiting priests from Bay St. Louis and elsewhere present for the dedication, were guests of Father Costello at "The Answer" where dinner was served.

## TWO MEN ARRESTED ON CHARGE

Stealing Automobile, Breaking In and Burglaring Soft Drink and Cafe Establishment.

Jack Connolly, aged 45, born in New York and claiming to have no place he could call home, and Floyd Weatherfield, aged 22, claiming Center, Texas, as his home, are languishing in the county jail in default of being able to furnish \$1,000 bond each and awaiting the action of the grand jury.

Both men are charged with breaking in and burglarizing. They are charged with entering the garage of Ulysses Cuevas, at his place of residence in Carroll avenue long after midnight Monday and of taking his business coupe.

At 2 o'clock Tuesday morning two men were noted in the L. & N. "Smoker," beer and soft drink establishment, opposite the L. & N. depot, by City Officer Mark Oliver, while making his rounds. In his attempt to apprehend the men both escaped, leaving the Ulysses Cuevas car to the rear of the building, which, it is stated, was being loaded with cigarettes and other merchandise from the place.

At 6:30 Alvin Saucier, manager of the L. & N. Smoker, and Bernard Blaize, financially interested in the place of business, in quest of the men, were returning from Pass Christian and met two white men walking eastward on the bridge, they suspected as the parties charged. They made the arrest and turned the men over to the county authorities.

They appeared Wednesday morning before Judge L. B. Capdepon. They waived preliminary trial and asked that they be given the benefit of attorney service. However, sufficient evidence was brought out to warrant the men being bound over to the grand jury.

Alvine Saucier says a gun was found on the person of Connolly; the other he has reason to believe discarded his before searched. Police man Mark Oliver was very diligent in the matter of his duty and it was through his attention to duty the fact that the place of business was being robbed was discovered.

### ATTEND CHURCH MEETING AT HATTIESBURG

The State Contest for the G. A. Y. W. A. and Sunbeams sponsored by the churches of Mississippi was held in the First Baptist church in Hattiesburg on Saturday, March 2.

Blanch Kellar, Audrey Anderson and Elma Little under the leadership of Mrs. Eugene Davis and Mrs. W. S. S. Speer were representatives from the Baptist Church of Bay St. Louis. While there they visited the Womans College and State Teachers College and spent the night in Wiggins, returning home Sunday afternoon.

Heck—What were you and your wife quarreling over? Peck—Well, she said a certain woman was beautiful and I made the mistake of agreeing with her.

His Excellency, the Most Reverend Archbishop Caruana, Apostolic Delegate to the Antilles, visited St. Augustine's Seminary, Bay St. Louis, Miss., Tuesday, March 12. The Archbishop is on an extended visit to the States. He is a native of the island of Malta.

The Most Reverend Archbishop on his arrival at the Seminary was received by the Very Reverend Gerard Esser, S. V. D., Rector of the Seminary, together with the faculty and student body. The Very Reverend Rector accompanied His Excellency to the chapel where the faculty and community gathered. Here the Most Reverend Archbishop bestowed his blessing upon all. His Excellency, few of the faculty visited the different departments of the Seminary, and was highly impressed with what he saw and heard concerning the education that is given to colored students for the priesthood.

### Archbishop Gives Address

In the auditorium the Most Reverend was introduced by the Very Reverend Gerard Esser, S. V. D., Rector of the Seminary. His Excellency then arose and addressed the faculty and student body. During the course of his address he expressed, that his desire was at last fulfilled in the long-looked-for opportunity of visiting St. Augustine's Seminary, which he heard so much of, and was likewise doing such excellent work for the church in the education of the colored race to the priesthood. As a loving father he also spoke words of encouragement to the students. His Excellency then gave a resume of his work in the Antilles, including the islands of Cuba, Porto Rico, Barbados, Haiti, and S. Domingo. In conclusion he spoke very highly of the Society of the Divine Word for its excellent missionaries working in the vast mission fields. He drew a comparison stating that since the members are such good missionaries, the faculty of St. Augustine's ought to be able to make and "turn out," as he said, good missionaries from St. Augustine's Seminary.

Towards evening the Most Reverend Archbishop Caruana motored to New Orleans with the Reverend James Helinski, C. M. of New Orleans.

### Examine 19 T. B. Patients Or Contacts at Local Hospital Last Week

The State Hospital at the Sanatorium is now giving a service which has long been needed in our state. This institution is furnishing a field unit to visit the various counties where specialists make physical and X-ray examination of patients.

Patients will not be examined except upon request of the family physician. It is not intended or desirable to examine chronic cases of tuberculosis that have had access to hospitals, clinics or X-ray laboratories, but it is desirable to examine members of a family that have chronic cases in the home or have had deaths in the home or have been exposed to the infection at any time in their lives.

The objective is to make an early diagnosis. When the case is found the family physician will give specific instructions regarding their daily habits so that the spread of the infection will be reduced to a minimum.

Last Thursday and Friday a representative from the Sanatorium examined nineteen patients or contacts at our local King's Daughters Hospital at Bay St. Louis.

## FOR FASTER COAST TRAINS

**R**AILROADS over the country are hanging up the 100-mile speed regularly and even over at that. The time has arrived when railroads will have to meet a double form of competition, the bus (to say nothing of the privately-owned car) and the airplane. The public as a whole, we venture, rather travel by train. But they want speed. Faster trains, making for better time; comfort and every ease possible and at a price available to the average purse. When our own local railroad will be able to run trains out from New Orleans to the Gulf Coast at a better speed than at present, clipping off at least fifty per cent of the present tedious time, travel will augment and trade accelerate. And another competitive factor the local railroad company is going to have to contend with—and that not far distant—is the Highway Shortcut.

## STATUE OF LIBERTY STILL STANDS

**I**N Wisconsin, the legislature has spent its valuable time, and the taxpayers' money, to pass a law making it "unlawful" to give away either hot dogs or "fresh fish" as a free lunch with a ten-cent stein of beer. The tavern keeper may, however, give away cheese, crackers, pretzels, popcorn and "cured fish," with a glass of suds. It is not stated whether the customer has to stand up or sit down while eating his crackers or cheese.

The Oregon legislature refused to pass a law legalizing the sale of cocktails with meals by legitimate hotels and restaurants. You must buy a bottle in Oregon from a state liquor store or patronize a "speakeasy."

The Statue of Liberty still stands in New York harbor, however.

## A GOVERNOR ACCORDING TO OUR HEART

**O**REGON has a governor, General Martin, retired army officer with a long and honorable record, who set his foot down and told the legislature that he didn't want any new tax laws or increases in old ones.

No better psychological influence could be offered the people of any state than to show that a state can perform its essential functions and meet its essential obligations today, without imposing further tax burdens on an already over-taxed people.

More power to public officials like General Martin.

## GETTING A STOMACH ACHE

**W**E are developing a political philosophy that not only invites the people, but urges them to get their noses in the public trough on the theory that someone owes them a living.

It has been good politics to give the people a nice, red, five-cent stick of political candy for ten cents in taxes. So long as the people can be kept ignorant of the fact that they are really paying for the candy plus about 100 per cent additional for political overhead to handle it, just so long will they clap their hands and cry for more.

But a lot of good folks are getting a stomach ache from too much political candy.

They are going to ask questions when they find what their candy is costing.

Good times will not return to any individual without some hard work. Prosperity doesn't come out of the air like a rabbit from a magician's hat.

The McComb Enterprise of March 8 carries a boxed front page news story as a feature, headed, "City Hall Robbed." Why, Bro. Emerich, that's no news. That's as old as politics.

Former Justice Oliver Wendell Holmes left more than half of his \$568,000 estate to the government to use as it sees fit. Millions of folks afflicted with the "gimmies" will tell the government how to best use the money!

Former Vice President Chas. G. Dawes gives out an interview in which he prophesies the end of present depression by the first part of July. At last, if he be correct, we have found a use for our ex-presidents, vice and otherwise. If they prove true prophets all is well.

The administration of the NRA is still as dead as a dodo and "I don't know whether it can be brought to life," Gen. Hugh S. Johnson, former recovery administrator, said in an interview in New York. Now, how dead is a dodo? Possibly as dead as the NRA itself.

An individual claiming \$40,000 damages from the G. & S. I. R. R., lost his case in a Harrison county court this week before Judge White. It appears a string of freight cars had stopped and temporarily blocked a cross road crossing. The plaintiff claimed he ran into the train broadside not seeing it in the dark with disastrous results. Comment not necessary.

## JUST LIKE PAT

**T**HE Times-Picayune, in a press telegram from Washington, tells of the success of Senator Pat Harrison procuring an appropriation securing \$82,000 from the government for purchase of additional land to the national park at Vicksburg.

The Jackson News says Pat Harrison not only measures up to the full statue of statesmanship but he is an expert parliamentarian as well. It says:

While the Senate on Friday was considering the army appropriation bill Senator Harrison sent to the desk an amendment providing that \$82,000 of the amount be earmarked for us in purchasing additional land for the Vicksburg National Park and the National Cemetery at that place.

Senator Royal Copeland—he never did like the South—moved that the amendment be rejected. Senator Harrison, naive, innocent, so cool, suave, and gracious that butter wouldn't have melted in his mouth, replied:

"Vicksburg is a great city. It has an historical cemetery. Unfortunately, little room is left for burial of the heroic soldier dead. It needs a few more acres. Surely, the Senate will not refuse this simple request."

The Senate laughed, Pat got his amendment through, and Vicksburg gets \$82,000 more for park purposes.

## THE OLD SOUTHERN TOWN

**N**EW ORLEANIANS are justly to be congratulated on the successful Mardi Gras they recently staged. Not since long before the economic upheaval has our neighbor over the border line witnessed the presence of such influx of visitors. A report chronicles that from 150,000 to 200,000 people from all parts of the nation visited the "City that Care Forgot" during the season of revelry. Despite the overcrowded condition the city, teeming with hotels and other places of shelter and food, took ample care of the strangers within the gates. While rates were advanced, as expected, there was no gouging the people. The pageantry of the Mardi Gras was equally up to the high mark of former years and a thousand and one other diversions were offered.

It is no wonder, then, the New Orleans Mardi Gras was a success. And it will be no wonder the almost countless crowds will again return—not only to enjoy the pageantry, the Carnival spirit and mirth and revelry predominant, but to again enjoy the warm hospitality of the Old Southern Town.

## BEGIN ADVERTISING NOW

**N**EWSPAPER advertising enjoys the greatest patronage of any form of advertising. Huge corporations spend tremendous sums every year to inform and lead the buyer. The press delivers the goods and gets the bulk of the appropriation.

The situation in Bay St. Louis is the same as everywhere else. Here the newspaper is the best form of publicity, as well as the cheapest. Merchants who delay their advertising because they do not intend to outspend cigarette manufacturers are losing business through their failure.

It is better for every advertiser to begin modestly and expand than to begin extravagantly and lose his money, and most costly to his business, his faith in the power of advertising. If there is anything on the market today that has been put over without advertising we don't know what it is. Every merchant realizes this, even if he doesn't emulate the example of those who put things over.

## THE MONEY, HOWEVER, IS GONE

**W**E see where a gentleman has been convicted in Milwaukee of using the mails to defraud. He goes to prison, if the sentence is not reversed, for fifteen years but this does not return the \$2,000,000 he is alleged to have collected from suckers who wanted to get rich quick.

Readers of The Echo are fairly familiar with what returns money will bring when invested, whether in bonds or in businesses. When a smart man comes along to offer ten per cent every two weeks it ought to be plain that, if he is so smart, he wouldn't need other people's funds. He would have plenty of his own. The next time you hear of a scheme to get rich in a hurry without doing any work and without taking any risk be wise for once and hold on to your cash.

## HERE'S ONE ON LABOR

**H**ERE'S what might be called a new one on labor!

Eight hundred workers of the Milchen Shoe Company, hearing of wage cuts in other shoe centers, wanted to cooperate with the management by taking a voluntary cut. Just as the vote was about to be taken in comes Nathan Brindis, principal owner, to say that wage cuts are unwarranted, that he had just received a large order and that he hoped to give them a ten per cent increase in pay soon.

Now, boys and girls, we do not know Mr. Brindis, but if the United States had about a half million employers like him the depression would be so far past that you'd have to look in a history to find out when it happened.

## HARD-HEARTED PEOPLE

**T**HERE are some hard-hearted people in the world. There are individuals who get pleasure out of suffering.

This is brought to light by the plight of a dog in Chicago. It was thrown into a 257-foot deep abandoned quarry where for days its hopeless fight for life attracted the attention of sympathetic individuals.

As the quarry is surrounded by a ten-foot fence it would have been impossible for the dog to have fallen in. Somebody threw the animal in. Who could have been so mean?

## WITH THE PRESS

### FIGHTING GASOLINE TAX DIVERSION

(West Point Leader)

**T**HE American Road Builders Association recently announced a drive against diversion of gasoline and automobile taxes from highway purposes. In support of the drive, the aid of the public, legislative bodies and chambers of commerce will be sought.

It is doubtful if any tax has ever been so abused as that levied against gasoline. The tax was initiated some twenty years ago in order to make the good roads movement possible. It was predicated on the theory that motorists, who receive the principal benefit from fine highways, would not object to contributing through a tax, a special fund for their construction and maintenance. The average motorist did not object—he was even eager to pay the tax, believing it to be equitable and just.

So it was—when it was used exclusively for road work. But during recent years more and more states have come to depend upon the gas tax as an inexhaustible source of revenue for the general fund. The tax rate has been upped time and again—and less and less of the revenue has gone to highway departments. As a result whenever the motorist takes his car out he is forced to pay a special, class tax, much of which is used to defray the cost of things which should be paid for by a tax equally affecting all people. The motorist has stood for this "tax racket" long enough. It is a pretty safe forecast that he will rally with cheers behind the new drive to use gasoline taxes only for the purposes for which they were originally intended.

### PRISON MADE GOODS

(McComb Enterprise)

**M**ISSISSIPPI has a law against the selling of prison-made goods within her borders.

The Neshoba Democrat, well edited by Robin Weaver, points out that Mississippi is being flooded with prison-made garments, particularly from the State of Tennessee.

The Mississippi law prohibiting the sale of prison made goods was passed in an effort to encourage rather than destroy the normal channels of employment. Naturally, when concerns compete with prison-made goods wages are lowered with the result that sweat shops are encouraged.

Mississippi has no need for sweat shops. Which means that Mississippians have no need for prison made products. Every effort should be made to discourage prison-made products which is in keeping with the law and spirit of Mississippi.

### AFTER OUR OWN HEART

(Jackson News)

**M**R. Max G. Reeves, Rural Route No. 1, Carrollton, is a candidate for supervisor in Carroll county.

Never heard of that gentleman before, and don't know a blessed thing about him, but we are for Mr. Reeves, hotter than horseradish, tobasco sauce, or even the hinges of hell. He's a candidate after our own heart.

Mr. Reeves in his announcement says:

If I should be the choice of the people, I propose to save the taxpayers' money, and in doing this I propose to employ just as few men as possible, at a live and let live salary. And I further propose, if elected, to give my entire time to this office, and when I am not employed in the actual office work, to put in the rest of my time working with the road crew, to keep these roads up to a good standard.

Atta boy! That's the stuff! A supervisor who will toss off his coat, roll up his sleeves, spit on his hands, and go to work with the road crew, is a supervisor worth having.

If the voters of Beat No. Two in Carroll county don't elect Mr. Reeves to the office of supervisor, they should be deprived of the right of suffrage.

### A LITTLE DEBUNKING

(Jackson News)

**T**HE formal announcement of a legislative candidate down in the southwestern part of the state says:

"I come from one of the oldest and best families in this county."

All families in that section of the state rank among the oldest and best. They are, to the manor born, so to speak.

The candidate also says he is a Mason, Shriner, and Protestant. No particular merit about that, either. All candidates are "jinners."

Just before election, especially, they join up with everything in sight. Also, it is so easy to be a Mason and a Protestant in a county where there are no Catholics.

"My father was once sheriff of the county," continues the announcement.

Why brag about it? Papa was also a political pea-picker. It must run in the family. "Pleasing personality and native intelligence" are among the other qualifications proclaimed.

Oh, well, why continue the debunking? Go on with that pleasing personality and make goo-goo eyes at the lady voters.

### DEFICIT

As March opened the government was \$2,249,923,235 in the red with four months more to go on the present fiscal year.

## WHAT THE INDIGNANT FARMER WROTE N. O. FEDERAL FARM BANK

### Abstract Did Not Suit Official—Farmer Then Gave One of His Own Tracing

A story is going the rounds of the press of a Mississippi farmer who filed application for a loan from the Federal Farm Bank at New Orleans. The abstract he forwarded with the application did not suit the government attorney, who asked for further facts concerning prior ownership of the property.

The indignant farmer wrote: "There are no records or archives available which concern the title to the above described land any further back than the United States government."

"However, I believe from a historical standpoint, I can enlighten you as to the title in such a way that the objections you have pointed out will be waived."

"This land was acquired by the United States Government in 1803 by purchase from France under what we now refer to as the Louisiana purchase."

"France acquired possession of the land by conquest as the result of a successful war with Spain."

"Spain acquired possession of the land by virtue of the fact that a young man in her service by the name of Christopher Columbus on the 12th day of October, 1492, discovered it and claimed it for Spain."

"Columbus got his authority for making the aforesaid voyage and discovery from Ferdinand and Isabella, the King and Queen of Spain."

Ferdinand and Isabella got their authority for sponsoring the voyage from the Pope of Rome.

"The Pope of Rome got his authority by virtue of the fact that he said he was the Vicar of Christ on Earth. Christ got his authority by the fact that He was the Son of God and God created the earth."

Billy App, president of the Gulf Coast Union, a student at St. Stanislaus, gave the welcome.

Two subjects were discussed and each was followed by a forum in which representatives from each sodality participated. The first subject Daily and Frequent Communion, was introduced by Miss Geraldine Martin of Pass Christian; and the second speech on this subject was given by Fabian Hussey of Biloxi. The second subject, Does Your Sodality Work End When You Graduate From High School? was presented by Miss Josephine Wilkes of Biloxi.

An intermission period was sponsored by the Nativity Parish Sodality of Biloxi, and the entertainment consisted of a vocal duet, Our Lady of Good Counsel, by Misses Velma Israel and Ethel Kennedy; solo, In Maytime by Miss Kennedy, and A Little Bit of Heaven, by Miss Israel; Miss Ratelle, accompanist.

Two Model Meetings  
Two model sodality meetings were held. The high school meeting was presented by the boys of St. Stanislaus College with Bill Price, president of the sodality, presiding. The parish meeting was given by the Gulfport sodality with Miss Edith Reicker, president, presiding. The closing prayer was by Rev. P. H. Hillebrand, Biloxi.

At the close of the convention benediction was said at Our Lady of the Gulf Church, by Rev. Hunter of Pascagoula.

**COUGHLIN'S ATTACK**  
The Rev. Charles E. Coughlin, radio priest, recently assailed the administration, saying the cards had been marked for "high finance" and "big business." This caused no reaction in the capital although his allegation that the "masses" have not received a new deal through recent legislation met agreement in some quarters.

## With The Movies And Film Folks

It seems that "The Miracle" is actually going to be produced by Warner Brothers. After being the subject of various announcements for several seasons, this company has definitely decided to make it, with Max Reinhardt directing and with Josephine Hutchinson as the probable star.

With the completion of "The Devil is a Woman," formerly known as "Caprice Espagnole," with Marlene Dietrich, Paramount and Joseph von Sternberg have parted company. Miss Dietrich will probably sign another contract with Paramount but what Mr. von Sternberg will do is a matter of speculation as yet.

Francis Lederer, who withdrew from his role in "Break of Hearts," in which he was to have supported Katherine Hepburn, has been signed by Jesse L. Lasky, at the studio, for "The Captive Bride," in the role which was to have been played by Charles Boyer.

"The Gorgeous Hussy" has been selected by Metro as the next vehicle for Jean Harlow.

His excellent performance as Mr. Murdstone in "David Copperfield," has caused Basil Rathbone to be recognized as a "villain of the first water" and it now appears that he will be cast in rather menacing roles. His next will be as Greta Garbo's husband in "Anna Karenina."

Robert Benchley has signed a play-script contract with Metro-Goldwyn-Mayer and is back in Hollywood to resume work on "China Seas." In the cast are Wallace Beery, Jean Harlow, Clark Gable, Lewis Stone and Charles Butterworth.

Sol Lesser is planning to make "Celluloid," a picturization of the history of Hollywood in which pioneer producers will be portrayed and composite characters created to review the colorful life of the early cinema.

## WAVELAND NEWS-NOTES

MRS. MAUD BOURGEOIS.

Waveland, Miss.

Mr. Paul Hale went to Mobile Sunday to visit relatives.

Dr. and Mrs. Jack Halsey were here for the week end.

Miss Belle Plunket from New Orleans who is visiting her aunt Mrs. Emile Gex at Bay St. Louis, came to Waveland for a day, and her many friends here were happy to see her.

Misses Edith and Doris Hale, Helen and Margaret Ruhr, and Katherine Chadwick spent several days in the city last week.

Mr. George Steele and family motored to New Orleans Carnival week. The Gus Terrys went with them.

### FATHERS' NIGHT.

The Waveland P. T. A. will have a special program next Tuesday, March 19, in honor of the fathers of Waveland school children. Only adults are invited and urged to be present.

At the County P. T. A. Convention held at Central High School, Bay St. Louis, Waveland carried home the bacon having the largest percentage of attendance. The meeting was especially interesting and delicious coffee and cakes were served.

On Wednesday last week Mrs. Ed. Giering, Welfare Worker, gave out pay checks and distributed a whole hamper of sweet potatoes to everyone on relief. This past Wednesday milk was given out. Mrs. Giering is doing splendid work here and folks are working hard in hand with her. She will be glad to know how kindly everyone speaks of her.

The passing of Mr. V. E. Weber was indeed a shock to the community. His jovial nature and pleasant personality won for him many friends, and he will be missed after so long a residence here. His activities in church and social work will long be remembered, and now that he is gone we can more fully realize his worth. To his wife we extend our deep feelings and we are glad that she will continue to live in our midst.

Mrs. M. McNeely, Mr. Clifford Stem, from New Orleans, and Mrs. Mabel Winn from New York are guests of Mrs. James McConnell.

Mrs. H. R. Watson from Pittsburg, Penn., came to be with her mother and relatives for an indefinite stay.

Mr. and Mrs. Ed Greenwald, Mrs. W. A. Mapp and Miss Adelaide Mapp went to the city for several days last week.

Mr. Elmer Walker was called to the city to be with his mother who is desperately ill. We hope to hear that she is better, and not so seriously ill as we had thought.

"Phony" Favre is ill with an attack of pneumonia, and while he is very sick, his friends are hoping that the danger is over and he will be feeling better soon.

The regular Parent Teacher meeting was held last Wednesday in the school auditorium. The present officers were re-elected and will carry on the work of the coming year. Mrs. Alphonse Bourgeois, Mrs. Harold Zimmerman, and Mrs. Alvin Marrero were elected as delegates to the County Convention at Central High School.

The pupils of Waveland school will present a May Day Program. The room that makes the most money for the P. T. A. before April 1st, will select the King and Queen. Each room will be allowed two maids and two dukes. The help of everyone will be appreciated. Please help!

Special Commissioner.

### "BROADWAY BILL" GRAND ROMANCE; LOY, BAXTER SUPERB

Capra Excels His "It Happened One Night"

The amazing Frank Capra, director of "Lady For a Day," and "It Happened One Night," has undoubtedly surpassed all his former glories in his newest Columbia comedy sensation "Broadway Bill," which will be at the A. & G. Theatre, Sunday and Monday of next week.

With uncanny genius, the inimitable Mr. Capra has produced a beautifully human and appealing screen romance that is sheer delight. Based on a story by Mark Hellinger and written for the screen by the same Robert Riskin who collaborated with Capra on his two previous successes, "Broadway Bill" sets a standard in screen entertainment that will not easily be reached.

### Performance Splendid

No little of the film's superb qualities can be attributed to the splendid performances registered by Warner Baxter and Myrna Loy in the two starring roles. Baxter's "Dan Brooks" is his finest screen characterization since the Cisco Kid in "In Old Arizona." Myrna Loy is a delightful revelation, a new and greater screen personality. Together as a romantic team, both Baxter and Loy are near perfect.

The story is that of Dan Brooks, who is a nomad at heart, but by circumstance the son-in-law of J. L. Higgins (Walter Connolly), who controls everyone and everything in Higginsville. His word is law, that is, to everyone excepting Dan, who doesn't give a hoot for business. Although he is married to one of Higgins' three daughters and is general manager of the Higgins Paper Box Factory, which assures a rosy financial future, he still does not like it. He likes horses, freedom, everything that is the antithesis of hidebound Higginsville. The entire Higgins clan sneer at him—all except Alice, the young unmarried sister-in-law.

### Boasts Drama and Comedy

In spite of sneers, Dan kicks over the financial applecart and goes his way. With him goes his horse, "Broadway Bill," and the horse's colored groom, Whitey, played by Clarence Muse. Unknown to Dan, these goes with him also the devotion and sympathy of Alice, his young sister-in-law.

The developments that follow are filled with drama, pathos and comedy. It will tug at your heartstrings one moment and make you laugh through your tears the next. One of the thrilling sequences of the story is a horse race, which, it may be honestly said, has not been equalled on the screen.

Baxter and Miss Loy, as said before, are excellent.

### NEW RULING ISSUED BY ADMINISTRATION

A bulletin has been issued to all county administrators in Mississippi by Mr. C. B. Braun, State Administrator, to remove from relief rolls all share croppers and farm day laborers. Landlords will be required to take over tenants heretofore cared for by the E. R. A. Farm laborers are available at the E. R. A. office. All farm day laborers are expected to secure from employment and care are to be closed when the relief refuse farm work offered.

### MISSIONARY SOCIETY HOLD DISTRICT MEET AT BAY ST. LOUIS

Program for Day Carried  
Varied Phases of Church  
Endeavor

Sixty eight delegates attended the quarterly meeting of the Coast zone of the Woman's Missionary Society of the Methodist Seashore district, Bay St. Louis Methodist Church last Thursday, despite the rains, and an enthusiastic session was held. Mrs. W. H. Favourite of Gulfport, zone chairman, presided. Official hostess for the meeting was Mrs. T. F. Robbins, Gulfport president, assisted by Mrs. C. M. Shipp, former zone president, and other Bay St. Louis members. At noon the hostess society entertained the visitors at a gumbo luncheon at the recently constructed annex to the church, at the first luncheon served in the new building.

### Plan of Next Zone Meeting

The next zone meeting will be held in Biloxi at the Moore Community House in the fall, date to be announced. Scheduled Methodist Women's meetings include: general conference at Hattiesburg the first week of April; district conference in May, place to be selected; and a mission study and Bible course at the camp grounds, Biloxi, during the annual Pastor's School in July; hence, the summer zone meeting gave way to these sessions and will recess until the fall.

### High Program Spots

Mrs. Wiley Ferguson, Biloxi, led the devotional at the meeting Thursday. Mrs. P. M. Caraway, Gulfport, spoke on Stewardship; Mrs. Willis Grimes, Gulfport, on Christian Social Relations; Mrs. B. Taltavall of Biloxi, on Citizenship. Misses Sallie Ellis and Sophie Kuntz, deaconesses at Moore Community House, Biloxi; and Miss Catherine Arnold, deaconess at Wesley House, Biloxi, told of work at these institutions. They appealed for contributions of clothing of all kinds, especially shoes, to distribute in their respective communities. A feature of the program was an address on Japan delivered by Rev. P. M. Caraway, pastor of the First Methodist church of Gulfport.

### Mrs. Johnson Speaks

Mrs. R. E. Johnson, Gulfport, district secretary, gave an instruction talk setting forth the duties of all officers of local societies, emphasizing the need of reporting to the district secretary. She explained the life memberships which are secured by local societies by the payment of \$25, the donor to name the life member. Last year four life memberships were secured in the Seashore district.

## HAVE YOU LEARNED WHAT This Service MEANS TO YOU?

ALMOST everyone has made occasional use of long distance telephone service. Often, some crisis in business or home is responsible for employing this high speed voice communication.

Many letters are received each month expressing surprise and gratitude for the quickness, clarity and low cost of the service in such emergencies. Business men are learning, also, the effectiveness of the regular use of "long distance" in buying and selling—while in collecting slow accounts, it has been proved to be an effective and tactful means of spurring immediate response.

Friends and relatives find "long distance" a personal and inexpensive way of enjoying frequent voice-visits over the miles that separate them.

Get your telephone directory and read the information about long distance service. You will be surprised to learn how little it costs to reach that friend or business associate in another city with whom you would like to talk.

## Mississippi Members of W. O. W. To Meet in Vicksburg March 21-22

HEAD CONSUL A. B. SCHAUER EXPECTS LARGE  
ATTENDANCE AT STATE MEETING

An unusually large attendance of members of the Woodmen of the World of Mississippi is expected at the biennial Head Camp meeting of the organization at Vicksburg, March 21-22, according to an announcement today by A. B. Schauer, head consul for the state.

De E. Bradshaw prominent in the state who will attend are:

Junior Past, Head Consul Alexander Currie, Hattiesburg; Head Clerk J. W. Mauldin, Water Valley; Head Banker G. M. Crane, Tupelo.

National officers who will attend the meeting include: Directors, Farrar Newberry, Little Rock, Arkansas, W. E. Mooney, Chicago, Illinois, and S. L. Caine, of Columbus, Miss.

Field Supervisors G. M. Crane, and J. W. Sherrill, have been active in arranging the entertainment plans for this session of the head camp.

Head Consul Schauer said he expected a big attendance because of the record-breaking achievements of the Woodmen of the World during the last two years under the leadership of De E. Bradshaw, president of the Woodmen of the World Life Insurance Association.

One of the features of the meeting will be the initiation of a large class of members from all sections of the state.

Elaborate ceremonies will attend the formal induction into membership.

At this meeting delegates also will be elected to the national convention, the supreme representative legislative body of the Woodmen of the World.

Woodmen of the World members, it was pointed out, are always keenly interested in the progress of this state because the national association has a large investment in its municipal, county and state securities.

Members and delegates will review the achievements of the past year and make plans for continued growth and expansion this year. Nineteen-thirty-four was a year of outstanding achievements for the Woodmen of the World Life Insurance Association when more than \$84,000,000 in new business was written. This was an increase of more than \$34,000,000 over 1933.

The gross assets of the association have grown to more than \$119,000,000, making it outstanding as the largest and richest fraternal life insurance association in the world. The consistent growth of the association, which operates in 44 states of the Union, is shown by the fact that in 1934 its gross assets increased more than \$4,000,000, with a net gain of 12,322 members.

The association has invested more than \$108,000,000 in government, state, county and municipal bonds. Since its organization in 1890 it has paid in death losses and disability benefits more than \$240,000,000. It has a membership of more than 355,000.

Woodmen officials generally give credit to President Bradshaw for the unusual achievements and growth in the last two years. He was elected to the presidency after serving the national organization for many years as general attorney. He has taken an aggressive interest in all Woodmen of the World activities and in particular has devoted his personal attention to improvement and enlarging the War Memorial tubercular sanitarium at San Antonio, Tex., an institution where members of the organization are cared for without cost.

—There are quite a number of tramps prowling over and about the city. Some are harmless and others possibly desperate characters. One cannot afford to take any chances. People parked at night, seated in their autos, are frequently accosted and asked for money. A refusal might prove dangerous.

—At a meeting of the Bay St. Louis Rotary Club Tuesday evening five prominent young men, with business classifications, were voted to membership. The Rotary Club, local business and civic organization, will soon enter into its tenth year of existence.

—Capt. C. B. Fisher spent Wednesday in New Orleans, visiting friends and attending business. Capt. Fisher is an outstanding figure in New Orleans, a civic leader and political factor, influential as a leader of the Regular Democrats for many years.

—Mrs. R. de Montluzin went down to New Orleans this Thursday morning to be at the bedside of her sister, Mrs. Emile J. —The family of the late Mrs. R. C. Engman, as a memorial to the memory of this lamented citizen, friend, and benefactor, furnished completely new the front sick room of Bay St. Louis King's Daughters' Hospital, Carroll avenue. This was done in a most complete manner and left nothing undone that could be desired. Mrs. Fournier, president of the King's Daughters, expressed the wish and hope that other thoughtful benefactors would do likewise, until all rooms of the hospital will have been completely furnished anew.

—If Dickens is your favorite novelist and to all others fond of the classics and literature that will live on, you must not miss the film depicting the characters and story of the book of David Copperfield, recently released. It is a masterpiece of the celluloid. A story done in movies that is a faithful portrayal of the book. Your sympathies will again register for David as the boy and then as the youth, whose unhappy life is the tragedy of the story. Mister Micawbar, Uriah Heap and the stern Aunt Betsey who in time proves the friend of the juvenile outcast, and the many other characters so well known to readers of the book for generations, are all here. And what a wonderful story so engagingly told in the films.

—The Pass Christian sector of this part of the Mississippi Gulf Coast mourns the passing away a few days ago of George Planos, a well-known and esteemed character who was a scholar in the culinary art; genial and cordial and who had made his friends by the score. He was chef at the Tropical Inn, that delightful resort for transient and home folks as well. His work was his pleasure and it might be said he practically died in harness—leaving, as we understand his sick room to return to his place of vocation. He had been ill with pneumonia. He was in his mid fifties. He was laid to rest at Greenwood cemetery, Gulfport.

—Meeting of the seacoast zone of Gulf Coast Missionary Society at Bay St. Louis Methodist church Sunday school building on Thursday of last week, proved a success in more ways than one. The ladies in charge served luncheon in the new building to nearly a hundred guests. The new building proved itself to admirable adaptation for the purpose for which it was used, as a recreational and rest center between times of the meetings held during the day. This new structure, as planned and built, received many compliments from visiting church and lay members. It was the first time it was used for such and general purposes.

—Reports from Mayor and Mrs. O'Keefe, of Biloxi, who were seriously hurt in an auto accident Mardi Gras Day, while they were traveling along the Pass Christian beach highway, east of Bay St. Louis, while enroute to New Orleans, were improving at an encouraging rate. —A cordial invitation is extended to friends of St. Stanislaus college and collegians to attend a concert to be given by the College band on next Sunday, March 17, —St. Patrick's Day—at the college gym, beginning at 2 o'clock. A carefully planned program of select numbers will be presented and lovers of music will be repaid for their presence. There will be no charge for admission. You are invited to be a guest for the afternoon.

—Preparing for the Spring and summer season's business of soda fountain, the Beach Drug Store is rebuilding and renovating that department of its business on an extensive and thorough scale. Gager, residing out Carroll avenue, has a force of workmen remodeling and building in order that part of her dwelling may be converted into a modern and appealing apartment which she offers to rent. Probable attendants, among those certain to go to the Peninsular City are Mrs. C. C. McDonald, State President; Mrs. A. P. Smith, president-elect; Mrs. Leo W. Seal, vice president-elect; Dr. A. P. Smith, Mrs. Charles Clark and others.

—Mr. and Mrs. James Dempsey, of Cincinnati, have returned to their home in the Ohio metropolis, where they are prominently connected, and while here were the guests of Mr. and Mrs. H. C. ## PIONEER CITIZEN PASSES ON

Frank C. Bermond, 72, Dies  
At Home Thursday Morning  
of This Week—  
Funeral Friday

Frank C. Bermond, 72 years, died at his home in Ballentine street at 10:40 o'clock, Thursday morning of this week. Funeral will take place Friday afternoon at 5 o'clock, with interment in Cedar Rest cemetery.

Mr. Bermond is survived by seven children, sons: Frank, Rene, Leo, all of Bay St. Louis; daughters: Mrs. W. E. Garrett of Gulfport, Mrs. Henry Tudury of Bay St. Louis; Mrs. O. E. Henderson, of Oakland, California; Mrs. H. J. Crocker, of Biloxi, and thirteen grandchildren. His wife died some few years ago.

Mr. Bermond is best known, perhaps, as the village blacksmith. For 54 consecutive years he conducted his place of business in Washington street, between Hancock and Beach Boulevard. He was well known and enjoyed the confidence and trade of all who knew him.

Because of advancing years and declining health, some few years ago he retired and moved to his home, where he lived with his sons, they engaged in the dairy business. Mr. Bermond was of French birth and enjoyed a wide acquaintance with French and English speaking people both locally and in New Orleans. He was ever interested in the welfare of Bay St. Louis and his passing away removes one of the older and better known citizens.

## LITTLE WALLACE BONTemps' BIRTHDAY PARTY

Master Wallace Bontemps, Jr., grandson of Mr. and Mrs. Joseph V. Bontemps, celebrated his sixth birthday on Wednesday, March 6 with his classmates at St. Joseph Academy, during the afternoon hours. There were thirty-three in the happy party of young ones and it is hardly necessary to say what an enjoyable time these free-from-care boys and girls had.

Refreshments were served and each child was given a bunny and all the accessories that go with the Easter favor. Mrs. Bontemps was ably assisted and each and every guest was given individual attention. Nothing to make the children happy seemed to have been overlooked.

Grateful and appreciative of the many kindnesses extended during the illness and passing away of my beloved husband, V. E. Weber, I wish by this method to thank one and all for the consideration which has meant so much to me. For expressions of sympathy and for any and all other attentions both locally and in New Orleans. Such kindness and generous expressions I can never forget.

### LIBRARY CELEBRATES 1ST ANNIVERSARY WITH SILVER TEA.

A POET has said something like this:

"For if . . . you find yourself with two lovers left,  
Sell one of them and with the dole,  
Buy hyacinths to feed the soul."  
Perhaps it is some such impulse in human nature which is making the Bay Public Library a success these depression days (to say nothing of the Librarian's untiring efforts.)

Actually, the rooms were redolent of hyacinths Tuesday afternoon during the "Silver Tea," given to celebrate the Library's first birthday (and to buy it more vitamins).

Mrs. Carl Marshall, president of the Library board, introduced the several ladies who gave readings.

Mrs. L. W. Jacobs rather "saved" the magazine of shrieking sensationalism so popular, also, with the young, in her interesting talk on the value of good reading.

Mrs. Caroline Dale Snedeker had, as usual, interesting, personal contacts and unique angles to offer on her subject, Dickens' "David Copperfield." Her topic was of especially living interest, because of the picture's recent release. Mrs. Snedeker is familiar not only with England but, with the English, the London, of Dickens.

Mrs. Rucks Yerger and Mrs. John L. Heiss of Gulfport, the latter, State President of the "Daughters of the Confederacy," spoke most graciously of the Bay Public Library, its progress and cultured background.

Mrs. E. J. Lacoste, Jr.'s recitations were much applauded.

The tea table was a vision of peach blossoms and silver candelabra. Despite its one candle, the shining birthday cake was more than enough for seventy-two guests.

Mrs. Carl Marshall poured coffee, Mrs. C. M. Shipp poured tea and Mrs. Roland Weston cut the birthday cake. Receiving with Miss Crawford were Mrs. John Heiss, Jr., of Gulfport, Mrs. C. M. Weeks, Mrs. Underwood Moss, Mrs. Will Chapman and Mrs. E. Sanford.

Generous offerings of "silver" amounted to \$15.85.

Spring flowers were sent by Mrs. J. B. Goldman and the Girl Scouts; also by Mrs. Jas. A. Evans and Mrs. Henry W. Osioinach. Various friends of the Library contributed refreshments. Miss Louise Crawford gave the birthday cake.

## EN ROUTE TO WASHINGTON.

Congressman and Mrs. Paul Maloney, Mrs. H. Stutz, Mrs. C. F. Haydie and Mrs. Joseph Chalone, the latter of New Orleans and Clermont Harbor, passed through Bay St. Louis Thursday morning by auto from New Orleans enroute to Washington, D. C., where Congressman Maloney will resume his seat in Congress. The ladies will remain in Washington about a month, participating in the social votaries of official Washington and an itinerary of motor route will take them over a wide section of Virginia and other places adjacent to the nation's capital.

—Capt. and Mrs. C. B. Fisher have the pleasure of a visit of their only son, Mr. Frederick Fisher, wife and young son, from Panama, after a six years absence. They will remain here for some time visiting friends and relatives both in New Orleans and Bay St. Louis.

Miss Gracie Fisher, a sister to the visiting brother, will arrive later to join the family group.

—Miss Odile Rauxet came out from New Orleans for the week-end enjoying a visit at the home of her parents, Mr. and Mrs. August Rauxet, residing in Uman avenue. Accompanying Miss Rauxet, as her guests, were Miss Arnelia Hanlan, Miss Zelma Testard and Miss Mirelle Testard, the latter who reigned as the beautiful queen of the Ball of Krewe of Mystery, at New Orleans, the Wednesday before Carnival.

—The annual automobile show at New Orleans will open Sunday at the municipal auditorium, with Johnny Detroit Orchestra in attendance. This famous aggregation of musicians will play this Saturday evening in Bay St. Louis for the patrons of Uncle Charlie's Nite Club. This insures a large attendance and a gala night for Uncle Charlie's delightful place of dance and general entertainment.

—While enroute to Gulfport Tuesday evening, shortly after dark, the auto driven by Mr. Waldo Otis, accompanied by Miss Margaret Green, both of Bay St. Louis, was struck by a car and trailer traveling westward and both painfully injured over the forehead. Mr. Otis' car, in order to escape the onward rush of the "other fellow's" turned sharply to the right and into the white sand edge of the road but without escape. The Otis car was struck and the impact turned it over twice, it is stated. Both Mr. Otis and Miss Green were taken to the Bay St. Louis King's Daughters hospital and went to their respective homes that night. Miss Green, it appears, was hurt more severely.

### SAYS THE COURT

When the Supreme Court, in a recent case involving a railroad, wrote in its opinion that changing economic conditions must be taken into consideration by courts, it gave some encouragement to the New Dealers, whose legislation must be passed on by the Court.

## THE ECHO'S COOKING CLASS

TO serve vegetables in the right way is really a work of art. Few of us can resist the appeal of vegetables fresh from our gardens or from the markets; yet we often let them come on our table in a most unappetizing condition and the family eats from a sense of duty. Next time you have a vegetable dinner, give a little time to the garnishes and to the arranging of dishes with an eye to the color effect.

**Fish Stew With Spring Vegetables**  
Cut 1 1/2 lbs. of lean veal into neat pieces for serving. Wipe with a damp cloth, then dip each piece in flour and brown in a little fat. Place in a heavy saucepan and add 1 pint of boiling water, 1 cup of young carrots diced, 4 onions sliced 1/4 inch thick. Add 1 teaspoon salt and pepper to taste. Cover the saucepan and allow the contents to barely simmer for 2 hours, then add 1 cup of green peas, 1 teaspoon of chopped parsley and 2 cups new potatoes scraped and cut in cubes. Cook until the peas and potatoes are done, thicken the gravy and season as preferred. Dumplings may be added. When ready to serve, arrange the meat and onions in the center of the platter, with the potatoes around the outer edge. Let the carrots provide a ring of color contrast and use the peas to form an innermost circle.

### Rainbow Casserole

2 large boiled potatoes  
3 hard boiled eggs  
1 cup cooked peas  
1 cup boiled carrots  
1/2 cup finely chopped olives.  
1 pint sour cream

Arrange a layer of the potatoes thinly sliced in a medium sized baking dish and over them pour some of the cream. Add a layer of eggs, sliced crosswise, 1/4 of an inch thick, one layer of peas and one of carrots, also sliced. Cover the top with the olives and the last of the cream. Bake in an oven 400 degrees for 30 minutes. This is an excellent dish for the meatless meal.

### Stuffed Lettuce Salad

Select a large head of lettuce and trim away the outer leaves, cut a slice from the bottom so that it will stand evenly. Then with a sharp knife cut a circle as deeply as possible all around the top. Remove as much of the inner part of the lettuce as you can, shred it very fine, then mix with equal parts of sliced beets, a few tiny shreds of onion, and half of a green pepper shredded very fine. Season well and mix with French dressing. Fill the head with this, heaping it up in the center. When serving cut in pie fashion and serve French dressing.

### Orange Sauce for Asparagus

Into a double boiler put 2 beaten egg yolks, 2 tablespoons butter, 1/4 teaspoon each of salt and paprika and 1 teaspoon sugar. Cook until

### SAINT PATRICK'S DAY

Bring out your Shamrock and your green.  
For 'tis Saint Patrick's Day;  
Happy the Irishmen are seen,  
Smiling upon their way.  
Strike Erin's harp in dance and song,  
For Ireland would be gay;  
She fought and bled for Freedom long,  
Now decked in proud array.  
Her children wander from her shore,  
But love her Emerald Isle;  
Her vales and fields dear as of yore,  
And still their hearts beguile.

—RIFORD J. LINCOLN.  
March 17, 1935.

### BRIGHT DAY

Blue skies and dancing bay,  
Winds sweet and strong;  
A joy of perfect day,  
In God's great sang.  
Waltzing twist and wave,  
On wings of air;  
Billows the sand's face lave,  
In foam so fair.  
Strange music from the ocean's harp  
Neptune keys boss;  
Now sweet and low then sharp,  
In playful ruse.  
The sunlight glints so bright,  
Dazzling the eye;  
Such dreams in wave and light,  
Beneath the sky.

—RIFORD J. LINCOLN.

### HURLEY'S ADVICE

### MELLON'S MONEY

The wealth of Andrew W. Mellon, in 1931 when he was Secretary of the Treasury, exceeded \$200,000,000 according to the testimony of his secretary before the Board of Tax Appeals.

### LITTLE PROGRESS

Last week Congress, for the most part, continued to idle along without important results, although certain committees made some progress on measures which will soon be taken up.

### Greens in Rice Ring

Cook until tender 1/2 lb. of mustard greens, spinach and beet tops in salted boiling water without a cover. Drain and chop coarsely. Season with salt, pepper and 1/4 cup of chopped cooked bacon. Line a buttered casserole with 2 cups of cooked rice and fill the center with the seasoned greens. Arrange pork sausage over the top and make in an oven 400 degrees for 20 minutes or until sausages are cooked. Serve in the baking dish.
